

This is a master version of the Defense Organizational Climate Survey (DEOCS) 5.1 that presents the core questions asked of all civilian participants. Questions that are irrelevant to civilian employees and asked only of different populations (e.g., active duty personnel, Military Service Academy [MSA] students) are grayed out. This document does not include additional questions selected by the Service or by organization leadership.

For survey administrators: Information provided during the registration about your organization (particularly its name) is piped into questions throughout the survey. It is important to keep this in mind, as inaccurate or overly generic information entered during survey registration may confuse participants. For example, participants will be asked “What is your affiliation to: [Organization Title]?”, with the custom text placeholder shown in red.
