## Closed-Ended Questions

The DOCP Question Bank includes 499 closed-ended questions. These items have been submitted by stakeholders or selected from sources like the Defense Organizational Climate Survey (DEOCS), and then reviewed, edited, and vetted for final addition to the question bank. DOCP closed-ended questions fall into one of five possible response option types:

- 1) Agreement (with options "Strongly disagree," "Disagree," "Neither agree nor disagree," "Agree," and "Strongly agree");
- 2) Frequency (with options "Never," "Rarely," "Sometimes," and "Often");
- 3) Yes/No (with options "Yes," "No," and "Don't know or not applicable");
- 4) Quality (with options "Very bad," "Poor," "Fair," "Good," and "Excellent"); and
- 5) Satisfaction (with options "Extremely dissatisfied", "Dissatisfied", "Neither satisfied nor dissatisfied", "Satisfied", "Extremely satisfied").

In the table below, the closed-ended questions are organized alphabetically by keyword. During selection of closed-ended questions, keywords and question text can be searched to locate questions for inclusion in the survey. Some questions are population-specific (military, civilian, Military Service Academy (MSA)/MSA Preparatory Schools) and questions can be searched by population as well. The keyword "DEOCS" identifies questions that were included in the DEOCS 5.0 or 5.1. Some questions have two or three keywords listed because they are designed to address multiple aspects of organizational climate. As a reminder, a minimum of one and a maximum of 15 closed-ended questions can be selected for inclusion in a DOCP survey.
